EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

3. The application has been amended as follows:

In The Specification:

At page 1, line 3, change "60/226,627" to - - 60/227,627 - -.

In The Claims:

Cancel non-elected claims 19-35.

4. Claims 1-18 are allowed.
5. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art of record fails to suggest the claimed apparatus particularly an infeed station configured to receive a plurality of wood pieces oriented in a cross-machine direction and in adjacent contact in conjunction with a singulation station with an engagement mechanism configured to engage only one of the wood pieces in adjacent contact at the infeed station and present it to a adhesive application station for applying adhesive to a side of the wood piece. As noted by Applicant Ota (U.S. Patent 4,615,759) Ota is directed to feeding the veneer pieces one by one to the infeed station

(Column 1, lines 54-60). Even if the infeed station of the apparatus of Ota is capable of holding a plurality of veneer pieces in a cross-machine direction and in adjacent contact, there is no suggestion that the apparatus of Ota would be capable of applying adhesive to a side of each wood piece. It does not appear that the singulation station (belt 4) in the apparatus of Ota would be capable of engaging only one of the veneer pieces in adjacent contact in a manner that would allow adhesive application to each veneer piece because there is no suggestion of the apparatus be capable of separating the veneer pieces in adjacent contact such that there is space to apply the adhesive to each veneer piece.

Claims 2, 7, 8, and 11 are allowable for the reasons indicated in the previous office action.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
